

# LSI Facilities

## **Training Policy**

*May 2011*

1. All new users must contact Wayne Vogl at [wayne.vogl@ubc.ca](mailto:wayne.vogl@ubc.ca) to arrange for training.
2. Training is considered a fee for service where the Client will pay for both Technical Assistance and Microscope time.
3. Existing users of the UBC BIF with 'unsupervised status' may just require a short 'hands on' orientation to the LSI TEM. This orientation will be provided by Dr. Wayne Vogl who will then confirm the Client's 'unsupervised status' to the LSI TEM to the LSI Staff.
